STATINTL

My dear [Redacted]

The Director has expressed his sincere gratitude for the outstanding performance of those employees who, during the recent weather emergency, worked many long hours without relief and with no regard for personal comfort and convenience to ensure the availability of essential services.

I wish to add to the Director's tribute my own sincere commendation to those who helped us through this period of emergency. I have been informed that you remained at your post from Saturday night, 29 January through noon Monday, 31 January, the most critical hours of the emergency. Yours was a most gratifying demonstration of loyalty and dedication to the finest traditions of our service.

This commendation will be placed in your personnel file to serve as a continuing reminder of an outstanding performance under most difficult conditions.

Sincerely,

s/

R. L. Bannerman
Deputy Director
for Support
